IMPORTANT DEBATE IN THE SENATE—THE SECRET

RELATIVE TO THE CLAYTON AND BULWER TREATY

—LIGHT THROWN UPON THE SUBJECT BY EX-

MINISTER LAWRENCE—THE COMPLETED FUND FOR

GENERAL PIERCE—MR. HUNTER WILL NOT GO INTO

THE CABINET—RE-ORGANIZATION OF THE NA-

VY, &c.

WASHINGTON, Jan. 10.—P. M.

The debate in the Senate, to-day, sufficiently demon-

strated the fact that Mr. Clayton, in publishing Mr.

King's name as evidence of that gentleman's acquiescence

on the subject of Sir Henry Bulwer's conditions, did Mr.

K. gross injury. It is understood that Mr. Clayton had

several interviews with Mr. King, in which the latter fully

agreed that Great Britain had the right to cut logwood on

the coast of Honduras, and it was to this right alone that

Mr. King referred, not to acknowledge the sovereignty of

England over that country; and this was the understanding

of the senator who was not Mr. Davis's families.

The correspondence called for by Mr. Davis, between

Mr. Lawrence and Lord Palmerston, is very voluminous.

It is a little remarkable that Mr. Clayton did not send it

at the time, though he sent to the Senate the other

correspondence connected with the Nicaragua affair. It

was all copied at the Department at the time, and, I pre-

sume, is there now ready. Mr. Lawrence, upon his first

arrival in London, commenced negotiations with Lord

Palmerston on the subject of the inter-oceanic communi-

cation through Central America. In the course of this

correspondence, Mr. Lawrence was enabled, mainly by

documents which he discovered among the British ar-

chives, to completely expose the fallacy of the claim of

Great Britain to any portion of Central America, except

to cut logwood on Honduras. So complete was his ex-

position of all the pretensions of the Mosquito protest,

that the fact of the Mosquito protest, which has been

repeatedly made a ground for the Mosquito protest, is

now completely exploded. The department was indebted for all its in-

formation—information which it used so judiciously.

The following is a summary of the documents which he

discovered, based upon Mr. Soule's suggestion to that effect.

It will probably be offered in the House or Senate, either

to-morrow or the day after.

It is estimated that ten millions of dollars be set

apart out of the treasury, not otherwise ap-

propriated, and be placed at the disposal of the President

for the purpose of making a loan of \$10,000,000, to

be repaid by the United States, to meet such exigencies as may arise out of

the present state of the relations of this country with the other

powers of the earth, on account of their charges, and

complexity, to prevent themselves from hour to

hour for practical and immediate consideration.

Mr. Hunter has been appointed Secretary of State.

This was the subject of the cabinet meeting to-day.

It is understood that the President has decided to

re-organize the cabinet, and that the President has

decided to re-organize the cabinet, and that the President

has decided to re-organize the cabinet, and that the President

MR. CLAYTON (whig) of Maryland, said he was not present

on Thursday last, when the debate took place, or he would

have replied to the remarks made by the Senator

from Louisiana, (Mr. Downs). That Senator said that he

would never have voted for the treaty, nor would any

other Senator have done so, had it been understood that

it did not include all Central America; and also intimated

that the Secretary of State had not communicated to the

President the condition annexed to the ratification by

Great Britain. (Mr. Pearce) on one, would have
